

European Aviation Safety Agency

APPROVAL CERTIFICATE

EASA.21J.350

Pursuant to Regulations (EC) 1592/2002 and (EC) 1702/2003 and subject to the conditions specified below, the Agency hereby certifies

TESTORI AERO SUPPLY S.r.L.

**Via Don G. Brambilla, 19
I - 23844 Sirone (Lc)
Italy**

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J

CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference TAS/DOH-300-03, in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the European Aviation Safety Agency,

Date of issue: 02 November 2007

Roger SIMON
Design Organisation Manager

Terms of Approval

Design Organisation Approval Certificate

EASA.21J.350

1 Scope of approval

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements:
 - changes and repairs to aircraft related to cabin interiors
 - minor changes to aircraft related to external livery
- showing and verifying the compliance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

2 Categories of products

Large and small aeroplanes, large and small rotorcraft.

3 List of products

[Not applicable]

4 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining:
 1. a supplemental type-certificate; or
 2. a major repair design approval.
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:
 1. to classify changes to type design and repairs as "major" or "minor";
 2. to approve minor changes to type design and minor repairs;
 3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.350";

5 Limitations

[See in 1, above]

1. Scope of STCs is limited to:
 - Modification to upholstery of dynamic seats (not requiring any dynamic testing);
 - Cabin reconfiguration not involving the installation of additional seats and not affecting access to emergency exits or evacuation paths

2. design changes/repairs affecting or installing or requiring the following are excluded:
 - flight testing for demonstration of compliance
 - equipment embedding SW and/or CEH
 - OSD constituents
 - Structural changes, except minor calculation for design changes related to scope of approval
 - floor path marking;
 - seat belts on seats required to comply with 25.562;
 - Crew rest compartments/ areas;
 - Galley inserts (e.g. ovens, water boilers, etc.);
 - Stretchers;
 - Cabin reconfiguration affecting access to emergency exits or evacuation paths;
 - Cabin reconfiguration involving modification to dynamic seats (requiring dynamic testing).
